Efficient Facility

- >75% of lighting uses high energy efficiency equipment and technology
- >75% of guestrooms are equipped with low-flow showerheads
- HVAC Technologies: Variable speed drives, low-NOx emitting boilers, building automation systems
- Occupancy light sensors in select meeting rooms

Sustainable Practices

- Property recycles paper, cardboard, glass, aluminum, plastics and electronics
- Sheets are changed upon request and towels left hanging are not replaced to save water
- Hotel and casino are smoke-free
- Used furniture is donated to local charities
- Meeting facilities utilize motion sensors and natural lighting

Community Partnerships

Clean the World foundation recycles used toiletries and distributes them to communities in need all over the world. All used soaps and shampoos are collected from guestrooms daily to assist their mission.

Meals on Wheels, Rebuilding Together, Orleans Parish, Recovery School Districts and Second Harvest Food Bank are a few other inspiring organizations we work with. We invite you to support the New Orleans community during your stay, just ask our meeting professionals about local outreach opportunities.
