

MEET RESPONSIBLY AT THE LINQ

CATEGORY	MEASURE	2016 PERFORMANCE
Total Energy	Ratio therms to conditioned square feet	0.69 therms/sq.ft.
Waste	Percentage waste diverted from landfill	55%
Water	Ratio kGal to conditioned square feet	0.05 kGal/sq.ft.
Volunteerism	Employee hours volunteered (LV Region)	26,420 hours
Property Giving	Monetary & In-Kind Giving to Charity (LV Region)	\$265,930

Efficient Facility

- >95% of lighting uses high energy efficiency equipment and technology
- >75% of guestrooms are equipped with low-flow showerheads
- Other HVAC Technologies: Waste-heat recovery, low-NOx emitting boilers, building automation systems

Sustainable Practices

- Waste Diversion Program: Property sorts all recyclables from waste stream for diversion away from landfills, including paper, glass, aluminum, plastics, furniture, and electronics
- Sheets are changed upon request and towels left hanging are not replaced to save water
- Refillable soap and shampoo dispensers save on plastic waste created by bottled amenities
- Smart Rooms are equipped with a TV that acts as an alarm clock, room service menu, and digital directory that eliminates the need for extra appliances and printed paper

Community Partnerships

Teacher Exchange is a re-use and recycle resource center for Southern Nevada public school teachers. We encourage meeting guests to leave conference materials behind to benefit our schools.

Opportunity Village, Second Wind Dreams and Meals on Wheels Association are a few other inspiring organizations we work with. We invite you to support the Las Vegas community during your stay, just ask our meeting professionals about local outreach opportunities.

Environmentally Preferred Choices *

- Reusable White Boards
 - Vegetarian, Organic, and Healthy Meal Options
 - Water Stations
 - Electronic Meeting Signage
 - Napkins made with 100% recycled fiber
 - MSC Certified Fish
 - Compostable Cutlery
 - Free Range Meat
